QUALIFICATIONS

Front-End Developer with hands-on experience creating modern web applications using React, Angular, TypeScript, and JavaScript. I have contributed to projects focused on responsive design, performance optimization, and scalable UI architecture. I also have experience with automated testing, version control, CI/CD pipelines, and DevOps practices, ensuring code quality and reliable deployments. My experience combines strong technical skills with problem-solving and collaboration, allowing me to translate complex requirements into intuitive and user-friendly interfaces. I am passionate about writing clean, maintainable code and delivering high-performance, user-centric solutions.

SKILLS

- **Front-End Development:** React.js (Hooks, Context API, Redux, Reusable Components), Next.js (SSR, internationalization), Angular, React Native, TypeScript, JavaScript (ES6+), HTML5, CSS3, Sass, Styled-components, Ionic
- **Back-End Development:** Node.js, C#, MVC Pattern, RESTful API integration, Database management (Oracle, SQL)
- **Architecture & State Management:** Redux, Context API, Atomic Design, Component-Based Architecture, Reusable Component Design
- **API & Integration:** RESTful APIs, Frontend-Backend Integration
- **Testing & Code Quality:** Jest, React Testing Library, Jasmine, Karma, SonarQube, Unit Testing
- **DevOps & Version Control:** Git, GitLab, Bitbucket, GitHub, Azure DevOps, Jenkins, CI/CD
- **Agile Methodologies & Tools:** Scrum, Kanban, Jira, Azure DevOps Boards, Trello, Microsoft Planner

WORK EXPERIENCE

Mid-Level Frontend Developer

Globalweb Corp | São Paulo, Brazil

Jul/2025 – Nov/2025

- Developed and maintained Angular applications with focus on stability, scalability, and user experience;
- Supported the final stage of the production release, monitoring early users and driving post go-live improvements;
- Increased unit test coverage across the project by implementing new validations and improving overall code quality;
- Managed tasks and deliveries in an Agile environment using Azure DevOps;

Frontend Developer

GFT Group | Barueri, Brazil

Nov/2022 – Jun/2025

- Worked across multiple web and mobile development projects using technologies such as React, Angular, Next.js, and React Native;
- Developed responsive interfaces, reusable components, and API integrations with a focus on performance and user experience;
- Worked with different unit testing and code quality strategies using tools such as Jest, Karma, Jasmine, React Testing Library, and SonarQube;
- Participated in collaborative Agile environments, using different version control workflows, CI/CD pipelines, and task management tools depending on project context.

Technology Instructor

SENAC | São Paulo, Brazil

Jan/2025 – Nov/2025

- Planned, developed, and delivered technical content in software development and IT infrastructure;
- Responsible for creating teaching materials, hands-on activities, and applied classroom projects;
- Taught subjects such as React, Angular, Computer Networks, Software Testing, and Software Quality.

Technology Instructor

Udemy | Remote

Dec/2025 – Present

- Create online courses in React, JavaScript, and TypeScript focused on Front-End development;
- Responsible for course planning, recording, video editing, and publishing on the platform;
- Teach core concepts such as component architecture, state management, and software development best practice.

EDUCATION

2023 - 2023	Anhanguera Educacional, São Paulo, Brazil Postgraduate Degree in Software Engineering
2020 - 2022	Centro Universitário Ítalo Brasileiro, São Paulo, Brazil Degree in Systems Analysis and Development
2025 - 2026	Seafield School of English, Auckland, New Zealand Advanced English Course

CERTIFICATIONS

- Scrum Foundation Professional Certificate (SFPC) – (2022)
- Angular Framework – Udemy – (2024)
- UX Design – Udemy – (2024)
- React.js Specialization – Rocketseat (2023)

VOLUNTEERING

Soft Skills Instructor

Escola da Nuvem | São Paulo, Brazil
